

Dear Mr. White

As the recipient of this year's Wendell White Scholarship Award I would like to thank you for making this scholarship possible. It seems that every year tuition costs continue to rise. Current tuition costs exceed \$300 per credit. Scholarships help to make a significant dent in student loans, interest, books and tuition. I anticipate graduating from Colorado Technical University with a bachelor degree in health services administration by May, 2014. Immediately following graduation I will begin an administrator training program at Pinnacle Healthcare. My education and commitment to long term care and skilled rehabilitation services is very important to me; however as the father of three children I believe it is important to establish an example of education and responsibility for my children to emulate. The Wendell White scholarship program is an important contributor to the education of aspiring administrators and leaders of long term care and skilled rehabilitation services.

Thank you,

Shawn S. Cobb
